CIARA workstations

CIARA offers high-performance workstations that are designed to target the most demanding CAD, CAE, 3D rendering and post-production software. The KRONOS workstations are purpose-built, quiet, energy-efficient and optimized to increase profitability as well as workflow productivity.

Design for professionals

The Kronos 540-G2 Workstation is designed for professionals in AI training, deep learning, animation, 3D rendering or media production. Featuring expandable graphics, extensive storage, impressive connectivity and exceptional overall performance and reliability, The Kronos 540-G2 is the ideal solution for creative professionals. It includes centralized management software, so it is also an efficient and cost-effective option for IT administrators.

ECC Memory Support

Designed for creative professionals who require outstanding performance, reliability and enhanced security, The Kronos 540-G2 workstation is powered by the latest 13th and 12th Gen Intel processors for always-on usage scenarios and supports ECC memory to automatically detect and correct data corruption, reducing the chance of system crashes to ensure workstation stability.

Data sheet

TECH SPECS

Form Factor	EEB Full tower or 4U rackmount chassis
Motherboard	Asus® PRO WS W680-ACE
Chipset	Intel® W680
Processor	Intel® 12 th , 13 th or 14 th generation Core™ in the LGA1700 package.
Memory	Up to 192 GB, 4 DIMM, DDR5, 5600 MT/s, ECC and non-ECC The base memory operates in dual-channel mode and provides on-die ECC (Built-in Data Checking)
Cooling system	Industrial grade advanced high performance available
Storage	1 M.2 slot with M key, type 2242/2260/2280/22110 storage devices support (Mode x4) ; 2 M.2 slot with M key, type 2242/2260/2280 storage devices support (Mode x4) ; 4 SATA 6 Gb/s ports - RAID 0, 1, 5, 10 ; 1 SlimSAS port.
Expansion Slots	2 PCIe 5.0 x16 slots (supports x16 or x8/x8) 2 PCIe 3.0 x16 slots (supports x4) ; 1 PCIe 3.0 x1 slot.
Video	GeForce® RTX5060 with 8 GB GDDR7, 3xDP 2.1b and 1xHDMI 2.1b. Other optional video cards are available upon request.
Audio	Realtek® ALC 897, 8-channel high definition audio codec. Built-in speaker for the recreation of Windows generated sound events
Network Controller	2 Ethernet 2.5 Gb/s controllers : Intel® I226-LM that support Wake-On-LAN and PXE Boot
Wireless & Bluetooth	M.2 slot only (Key E, CNVi & PCIe) (Wi-Fi module optional)
Top I/O Ports	1 USB 3.2 gen 1 type C 3 USB 3.2 gen. 1 type A ports 2 audio jacks
Rear I/O Ports	1 USB 3.2 gen. 2 type C port 1 USB 3.2 gen. 2 type A port 4 USB 3.2 gen. 1 ports 2 USB 2.0 ports 2 network ports (RJ45) 3 audio jacks Displayport, HDMI and VGA ports
Internal headers	3 USB 2.0 ports 4 SATA 6 Gb/s ports and 1 SlimSAS port 1 TPM header 1 serial port header and 1 LPT header
Casing	Tower or 4U rackmount chassis
Dimensions	528 mm H x 205 mm L x 500 mm P (54.12 L)
Power Supply	1250 W, 80 PLUS® Platinum

KRONOS 540-G2

Optical Drive	Wide choice of optical drives and writers available
Safety Features	Management utilities for Embedded UEFI/BIOS tamper resistance integrated Embedded Trusted Platform Module 2.0 Intel® Trusted Execution Technology Ready FIPS 140-2 and TCG certified Computrace protection utility present in BIOS NIST SP 800-147 compliant, secure UEFI Management utilities for Pre-boot and multi-factor authentication set up integrated
Management Tools	DMI LANDesk Client Manager Browser Updatable BIOS from either floppy drive, hard drive or network CIM, SMBIOS, DEN, WBEM and ASF standards compliant, latest versions DMI 2.0 compliant hardware management system Intel® Wired for Management Technology (WfM) SIPP stable image platform eligible Supports Intel Virtualization Technology (VT-x) Supports Intel AMT enabled from the factory; the ability to provision Intel AMT for use is available after the system has been deployed.
Environmental Features	APM 2.0 and ACPI 3.0 compliant power management Power consumption depending on system load (EIST) Overheat protection and shut down CPU fan speed adjusted depending on CPU temperature EPA ENERGY STAR® 8.0 standard qualified Bulk packaging and delivery available on request

Why Choose Hypertec?

We work with the top software, hardware, storage and Cloud partners in order to get you where you need to be faster, better, and more efficiently.

In-House Expertise & High-Performance Products

Due to our in-house engineering expertise, our CIARA products deliver high performance hardware solutions customized for any workload.

Top Hardware & Software Partnerships

Our solid hardware partnerships with Intel®, AMD, and NVIDIA® and top software leaders like Autodesk, Colorfront and Chaos allow us to provide top solutions.

Dedicated Support & Expert Consulting Team

Our veteran team has +20 Years of experience working with leaders in the field. You can rely on our team for support and guidance at any step of your project.

Accessible Financing Options

We have different financing options for North America, and we help you meet your credit requirements for your project-specific needs.

Sustainable Hardware & Data Center Solutions

We build and integrate custom sustainable data center hardware and immersion cooling solutions that help lower your OPEX and CAPEX.

Performance-Optimized Cloud Infrastructure

We offer reliable, secure, and tailored cloud infrastructure for the most demanding workloads and applications at a balanced price point.

The 360° Hypertec
Solution

We bring a full 360° solution so all you need to do is sit back and enjoy all the benefits without the headache and save on OPEX and CAPEX. Our professional services enhance your IT journey by reducing time, TCO, effort and resources.
