

CRIUS N310-G1

enterprise notebook

Power to do more

A new mobile computing power awaits you in a laptop that suits your needs, regardless of the tasks you have in mind. This model comes with a 13th Generation Intel® Core™ processor with vPro®.

Travel-friendly

Its compact size and weight make this 14-inch laptop ideal for travelers, students, and professionals who need a portable computing solution while offering comfortable viewing experience, including web browsing, document editing, and media consumption. It's a great middle ground between a comfortable display real estate and overall laptop size.

Work from anywhere

Stay connected with Wi-Fi 6E and Bluetooth® 5.3. Power through any video conferencing tool like Microsoft Teams. 13th Generation Intel® Core™ processor and the latest operating system optimize energy efficiency for extended battery life, ensuring you can work for longer without worrying about running out of power.

Why Choose Hypertec?

We work with the top software, hardware, storage and Cloud partners in order to get you where you need to be faster, better, and more efficiently.

In-House Expertise & High-Performance Products

Due to our in-house engineering expertise, our CIARA products deliver high performance hardware solutions customized for any workload.

Top Hardware & Software Partnerships

Our solid hardware partnerships with Intel®, AMD, and NVIDIA® and top software leaders like Autodesk, Colorfront and Chaos allow us to provide top solutions.

Dedicated Support & Expert Consulting Team

Our veteran team has +20 Years of experience working with leaders in the field. You can rely on our team for support and guidance at any step of your project.

Accessible Financing Options

We have different financing options for North America, and we help you meet your credit requirements for your project-specific needs.

Sustainable Hardware & Data Center Solutions

We build and integrate custom sustainable data center hardware and immersion cooling solutions that help lower your OPEX and CAPEX.

Performance-Optimized Cloud Infrastructure

We offer reliable, secure, and tailored cloud infrastructure for the most demanding workloads and applications at a balanced price point.

The 360° Hypertec
Solution

We bring a full 360° solution so all you need to do is sit back and enjoy all the benefits without the headache and save on OPEX and CAPEX. Our professional services enhance your IT journey by reducing time, TCO, effort and resources.
